I'm not sure if this will happen. I'm also not sure if I it should.

But then I imagine Chuck Schumers smug face going into absolute horror.

Every time someone says Faggot, a pede gets his wings.

That was my attempt at inception (i.e. the joy of watching schumer in horror). Maybe being too careful with my digital trail, but not so sure.

These speeches are getting pretty fiery! I've had some friends get surprise visits already.

This is specifically targeted against people opting out for religious reasons. They are taking your faith from you.

"Washington, DC, has approved legislation that allows minors as young as 11 to consent to vaccination without their parents' knowledge — if a physician determines the child is capable of giving informed consent.

It also prohibits insurers from sending an explanation of benefits to the parents, and it requires a physician to submit the immunization record directly to the minor's school ***"if the parent is utilizing a religious exemption or is opting out of receiving the Human Papillomavirus vaccine,"*** according to the legislation."
